EXPOMIN: CHILE
The Biggest Mining Show in Latin America
Booth and Catalogue space available at the IMPACT Project Booth
April 25-29, 2016

The Chilean economy has been growing at over 5% a year for the last 20 years! Hungry for growth, the country is investing in infrastructure of ports, mining and construction. Having the world’s largest copper mine, Chile signed a free trade agreement with the U.S.

CONEXPO SHOW:

As a duly authorized representative of the above-named company, I have read, understand and agree to the following terms with regard to being a participating company in this Trade Show:

• Only Products of 51 % US content and/or value-added products may be represented as part of the IMPACT participating company’s products / services.

• No foreign produced items may be included, except items from foreign countries that have been processed or value-added in the U.S.

• The participating company must have an office and staff or manufacturing facility in the U.S.

• Cancellations: No refunds will be issued after March 18th, 2016. Cancellation before March 18th, 2016 should be in writing to Brent Rondon at rondon@duq.edu. Trip cancellation insurance is available at extra cost.

• All participating companies must provide results attained through participation in the Trade Show to the Duquesne University SBDC. “Initial Results” are any estimated sales amount defined by the sales representative the company met at the show followed by Actual Sales when they occur. We use this information to track progress in the market.

• Participating companies assume all risks of participation in this Trade Show.

SUCCESS AGREEMENT

Welcome to IMPACT’s Opening Doors to the Pacific Alliance Countries for U.S. Manufacturers, an exciting program to assist you to increase exports which is partially funded through the U.S. Dept. of Commerce Market Development Cooperator Program. We are delighted to have you join the initiative!

The purpose of this grant funded program is to increase U.S. exports to Pacific Alliance countries. It focuses on manufacturers who supply the construction industry. We will prepare you to enter this market through a variety of mechanisms tailored to your needs. Among the benefits which will be available to you are: translation to Spanish up to a four page brochure and product label description; Orientation to the Pacific Alliance markets with hands-on assistance; Matchmaking with agents, distributors or direct purchasers through a trade mission coordinated in partnership with the US Commercial Service Gold Key service; attendance at a major industry trade show during the trade mission; interpretation and group transportation services and assistance with sales follow-up.

As a participant, you will be responsible, quarterly, for submitting success information such as dollar value and number of Pacific Alliance bound export sales (deliveries or contracts for goods or services), joint ventures established and similar measures of achievement throughout the course of the program. Reporting will be conducted through quarterly surveys.

We are obligated to American taxpayers to report this information. This information is confidential. The International Trade Administration does not share your success information unless you expressly agree to it. To confirm your commitment, please read the following Success Agreement statement and sign and date in the designated area.

By signing below, I finalize my commitment to the IMPACT Opening Doors to the Pacific Alliance Countries for U.S. Manufacturers Market Development Cooperator Program and agree to provide success information I have achieved during the program duration.

I certify that I am, that my company is, or that I or my company represents:(a) a United States citizen; (b) a corporation, partnership or other association created under the laws of the United States or of any State; or (c) a foreign corporation, partnership, or other association, more than 95 percent of which is owned by persons described in (a) and (b) above; AND I am, my company is, or the entity I or my company represents is, exporting, or seeks to export goods or services produced in the United States, or goods or services that contain at least 51 percent U.S. content. I understand that this certification is a requirement to participate in the MDCP project activity described above and that an intentionally false certification may result in termination of participation in such activity. Information provided to the International Trade Administration (ITA) is intended solely for internal use. ITA will protect business confidential information to the full extent permitted by law and Administration policy. U.S. law prohibits U.S. government employees from disclosing trade secrets.

I agree to the terms of this success agreement with Duquesne University as set forth above.
