

Outreach Program for Existing Businesses in Mon Valley

This new program, developed by the Duquesne University SBDC, focuses on helping existing small businesses in the Mon Valley area to increase their sales and profits. The Mon Valley Outreach Program (MVOP) offers **free**, structured, one-to-one counseling and mentoring assistance to the program participant companies.

Our SBDC consultants will work hands-on, over 20 weeks, with business owners and/or management on specific action items to help companies to reach their growth objectives.

The MVOP provides the necessary tools, methods, and consulting support to make Mon Valley companies even more successful. MVOP Consulting and roundtable topics include but are not limited to:

- Export Sales
- Energy Saving Opportunities
- Web site creation and effective use
- Marketing
- Procurement
- Green initiatives
- Quality Environmental Management
- Finance
